## MOPS International MOMcon 2020 Update

June 29, 2020  
info@mops.org

Due to Governor Polis' recent guidelines prohibiting large gatherings in the state of Colorado, MOPS International regrets to inform you that MOMcon 2020 at The Gaylord Resort of the Rockies has been canceled. While we are deeply saddened we won't see you in person in September, we know the health and safety of attendees, staff, speakers and exhibitors comes first. We are diligently working on the countless details that come with cancellation, and more information is coming soon.

**Please note:** we have an incredible, yet, small team navigating this, so your patience in this process is much appreciated. In the meantime, here's what you need to know:

- MOPS will be offering ticket refunds – the refund/transfer request process will become available on July 15.
- Additionally, on July 15 we will share details about how we'll reimagine what the fall looks like, and how we can come together virtually in the midst of these unique circumstances.

We thank you in advance for your patience throughout this process. Even though our plans have been rearranged, we know that God is holding all of it. Thanks for being such an integral part of our community.
